MAKE WATER COUNT

Water is life. Water is growth. Your water is our concern: in your day-to-day-life, at your leisure, for your health, your business and your industrial processes. Without water there would be no life, no agriculture, no industry.

Pollet Water Group aims to improve the quality of life and the efficiency of your processes through a network of specialized water treatment companies. With over 40 years of experience, the Pollet Water Group has been supplying both components and complete systems to companies specializing in the field of water treatment throughout Europe, Africa and the Middle East. It's always our ambition to serve as a strong international partner in guiding and supporting you as our customer.

Together, we are committed to make water count.

> We are a reliable manufacturer and distributor for professional B2B partners in water treatment

PART OF POLLET GROUP

Pollet Water Group is part of the Pollet Group, a family-owned business active in a range of different fields across Europe, the Middle East and Africa. We owe our program of continuous expansion to our profound corporation with our customers, investments in research and development, our search for sustainable solutions and the recruitment of talented people.

Medical Solutions

YOUR DAY-TO-DAY LIFE

Before your tap water reaches your home, a water company will have already subjected it to various treatments. However, the calcium in your water often builds up scale in pipes, shower heads, steamers, washing machines, dishwashers. The domestic solutions provided by the Pollet Water Group improve your day-to-day life and ease your comfort. Our products enable the end user to reduce water consumption, save detergents and soap, save energy, ensure a maximum return (on investment) and finally they provide a better quality of life.

> Our domestic water solutions improve your day-to-day life and increase your comfort

DOMESTIC SOLUTIONS

Our added value

- Wide range of components & solutions
- Extensive stock of spare parts
- PWG proprietary products
- Private label - White label
- Environmentally friendly products
- Well-known brands selected after severe and extensive tests
- Strictly B-to-B
- Multi-brand
- Exclusive solutions
- Technical know-how and support
- Water analysis and advice
- Worldwide presence

Type of products

- Softeners
- Filtration
- Reversed Osmosis
- Ultra-Filtration
- UV
- Disinfection
- Filters
- Point Of Use Devices (POU)
- POU Drinking Dispensers
- Components
- ...

YOUR BUSINESS

Commercial companies such as hotels, restaurants, bars and smaller industrial companies are big water consumers. A business with clean, conditioned water is a business that saves time and money. Our solutions prevent costly replacements due to the damaging effects of hard water. We improve your comfort by offering solutions such as intelligent and user-friendly water coolers. These solutions with patented green technology and proven energy savings will help you reduce the amounts of bottles you use and lead to an improved business.

> We prevent your business from costly replacements due to the damaging effects of hard water

COMMERCIAL SOLUTIONS

Our added value

- Wide range of solutions and components for a variety of problem waters
- Personalized solutions allowing our customers to have their own brand
- PWG proprietary products
- Environmentally friendly products
- Technical support
- Assembled units selected by PWG
- Worldwide presence

Type of products

- Softeners
- Filtration
- Reversed Osmosis
- Ultra-Filtration
- Point Of Use Devices (POU)
- POU Filtration Systems
- POU Drinking Water Systems
- ...

YOUR INDUSTRIAL PROCESSES

Water is a precious and universal good. Without water, there would be no life, no agriculture, no industry. 90% of our worldwide demand for water comes from industry and agriculture. Our technologies allow you to optimize your water consumption and utilise alternative water sources to reduce operating and energy costs and improve your production process. Thanks to our know-how and engineering skills, the PWG experts advise, design and build the installations for your water facilities. That is how we take care of water so you can focus on your core business.

> We take care of your industrial water so that you can focus on your core business

INDUSTRIAL SOLUTIONS

Our added value

- A wide range of total solutions
- Standard range and custom-tailored installations
- Custom-made systems bearing your label
- Mobile water treatment
- ‘Plug & Play’-modules
- Integrated solutions
- Turn-key projects
- Chemical products
- Engineering, assembly and commissioning
- Technical monitoring
- On-site assistance
- 100% tested units
- Efficient unit design
- Energy saving design
- High reliability
- Highly efficient solutions
- Sustainability
- Cutting-edge technology
- ISO-certified
- Different financing possibilities
- Worldwide presence

Type of products

- Softeners
- Filtration
- Reversed Osmosis for softened, drinking, brackish and sea water
- Ultra-Filtration
- Point Of Use Devices (POU)
- POU Filtration Systems
- POU Drinking Water systems
- Booster Units
- Blowdown Systems
- Water Storage Tanks
- Destillo for mixed-bed demineralization
- ...

YOUR HEALTH

Pollet Water Group is specialized in innovative solutions for the supply of high purity water to dialysis centers worldwide. We develop systems for production of ultrapure permeate and its distribution right to the dialysis machine. Our technical and medical know-how contributes to achieve the best possible quality of life of dialysis patients. All units have all necessary medical cerification.

> Our know-how contributes to achieve the best possible quality of life of dialysis patients

MEDICAL SOLUTIONS

Our added value

- Large expertise in medical applications
- Highly specialized in dialysis applications with worldwide references and projects
- Interface for optimal software networking
- Top quality materials
- Online-heating
- Maximum safety
- Own R&D department
- Project management
- Medical certification
- Worldwide presence
- ISO certified

Type of products

- Prefiltration
- Reversed Osmosis
- Dialysis - Reversed Osmosis
- POU Filtration Cartridges
- Heat Disinfection
- Twin-pass Reverse Osmosis
- Ultrapure Permeate Production
- ...

PWG ACADEMY

At Pollet Water Group we share our knowledge and experience with customers and partners. Our companies offer you courses and seminars in the field of water treatment. We train our employees and partners by providing a mix of theory, case studies and water treatment technologies.

> We see it as a privilege to train the next generation of water treatment experts

PWG ACADEMY

Our added value

- Certification in water treatment
- Workshops
- Training in the best current technologies
- Case studies, new technologies, troubleshooting and long term solutions
- Over 15 languages
- A pool of water experts

EUROPEAN DISTRIBUTION CENTERS

Our head quarter in Belgium (in the geographical center of Europe) is the ideal location as a European Distribution Center to serve customers worldwide. The Pollet Water Group has locations all over Europe with a total capacity of over 200.000m2. Our warehouses allow us to keep a large number of components and spare parts in stock and minimize delivery times.

”

Our distribution centers act as plaforms for dispatching products and spare parts around the world

EUROPEAN DISTRIBUTION CENTERS

Our added value

- One-stop-shop
- Daily shipments
- 24/7
- Just-in-time deliveries
- Same day dispatch and next day delivery in most of our local subsidiaries
- Extensive stock of spare parts
- The PWG Group has a stocking capacity of over 200.000 m2
- Partnership with outstanding logistic partners
- Global customer relationship management system

SCOPE OF TECHNOLOGIES

TYPES OF WATER TREATMENT

We treat the following water-sources:

- Tap Water
- Well Water
- Surface Water
- Sea Water
- Process Water
- Rain Water
- Cooling Water
- Boiler Water
- Ultrapure Water
- Drinking Water
- Brackish Water
- ...

SOLUTIONS & TECHNIQUES

- Softening
- Iron/Manganese Removal
- Filtration (sand, activated carbon,...)
- Ultra-Filtration
- Oxidation
- Reverse Osmosis
- Sea Water Desalination
- Desalination
- Water Reuse
- Demineralization
- Cooling Tower Water Treatment
- Water Disinfection
- Process Water Treatment
- Distillation
- Conditioning
- Laser Cooling Technology
- UV Disinfection
- ...

> We deliver added value by means of know-how and service

SCOPE OF PRODUCTS

- DOMESTIC SOLUTIONS
